To Luigo Sannino

## From the President

Dear Luigi,

Thank you for your email.

I have consulted the Council of the British Astronomical Association (BAA), and they are in agreement that we would be delighted to welcome the Spezzini Amateur Astronomers Association of La Spezia as an Affiliated Society of the BAA.

Affiliation is free of charge and your members are welcome to attend BAA meetings and, where there is a charge, will be offered reduced-rate entry, as our members are. We will publish a link to your society on our website, and we would be happy to mention your activities in our *Journal* from time to time if we are informed of them. You are allowed to use the BAA logo on your website and we hope you will encourage your members to join the BAA (joining as a digital member is cheaper as the *Journal* and *Handbook* are sent only as PDFs, not on paper). Your members, whether they join the BAA or not, are all welcome to submit their observations to the BAA Observing Sections.

We will contact you from time to time to let you know news about the BAA, and to ensure the details we hold for your society are still correct.

I look forward to constructive collaboration between the BAA and Associazione Astrofili Spezzini in the future.

Best wishes,

Dr David Arditti  
President
